Sections: Networking Night -- Postponed…

Thought I'd share some words from the disappointed Elsoc team to our Ctee.

We were also disappointed with this at tonight's first video meeting for the year. The next post, tomorrow morning sometime, will have a few points of what we discussed as goals for Twenty23.

It seems my effort has been a lot of noise at the moment. Hopefully, later in the year, it could be a flavour where people are in the final stage of the course and need to do something about the next step.

=== NETWORKING NIGHT ===
POSTPONED

"Hi all,

Unfortunately we have decided to postpone the event due to lack of interest shown from our industry partners.

We definitely are on track for our annual industry night in term 2 either 7th or 8th of June. Hopefully with months of notice we will get a lot of interest and confirmations.
