Sections: Merry Christmas -- Thank You -- New Group Members -- Welcome Screen

Wherever you are this Christmas may your holiday season be filled with joy, good company and plenty of memorable moments.

Our Ctee also passes on the Head of School's happy & festive wishes to this community.

== THANK YOU ==

Thank you for scrolling past, tapping emoticons (emojis) or reading the posts over the year.

Hopefully, this channel had a good Signal to Noise Ratio for the ElecEng related events, the emails and comments from others.

== NEW GROUP MEMBERS ==

We had the following people join our LI group members this year.

- Arjuna Vijayanayagam
- James Bott
  
- Jinhong Yuan
- Matthew Priestley
  
- Peter Vickery
- Philip Allen
  
- Philip Mallon
- William Zhan

Not in this quick A-Z list? Let us know so we can acknowledge you.

== WELCOME SCREEN ==

If you have graduated from ElecEng (UNSW) with an 'Under', 'Post', 'Master', 'Doctorate', 'Professor', etc on your LI page then you're eligible.

It may help synchronise your read/write edges or zero-crossover points (analogue world).

Here are some interpreted guidelines from the LI group. These were written before I joined it in mid 2019.

- share knowledge, experience, and memories,
- keep in touch with the School of EE&T,
  
- develop networks across different industries,
- reconnect alumni through activities,
  
- 'give back' to the School in any way.

There were many requests in the year to join. A lot were declined. Some had blank profiles. Some had overseas qualifications.

I understand the rules were crafted when the group was created back in 2009. Any adjustments?
