Happy Mothers Day

From the
UNSW EE&T ALUMNI COMMITTEE

Sections: -- Mother's Day – Figures from TV

Just a quick note from our Ctee for Mother's Day. We offer two thoughts to keep in mind for Mother's Day tomorrow - 'no decisions' and 'having time'.

== MOTHER'S DAY ==

To all those mothers out there, our Ctee wishes you "Happy Mother's Day".

You could be one or more of the following - by blood, at work, in the community, overseas, in spirit or in the future.

Don't forget to include your mother as well. She also "holds up half the sky", according to a Chinese saying from long ago.

We hope your arrangements resonate well. Keep in mind, 'no decisions' and 'having time'.

Do some of you remember these that tempered the males along the way?

- Betty Rubble, Wilma Flintstone (The Flintstones)
- Carol Brady (Brady Bunch)
- Jane Jetson (The Jetsons)
- Marge Simpson (The Simpsons)
- Morticia Adams (The Adams Family)
- Samantha Stevens (Bewitched)
