== INTRODUCTION ==

Thank you to my direct contacts for considering the offer to attend the 10th Elsoc Alumni night at The Roundhouse. This also extends to the sub-groups from them.

There were many other functions on that first Friday evening in July this year. The 24 hour day now has more work, family and personal demands than it did for the 2016 gathering.

Thank you to the brave undergraduates who attended, asked or listened on the night with their mid-term exams to start in two-days.

First comment: Elsoc President, Liam Mitchell's thank you.

== COMMENT #1 ==

== Elsoc President's Words ==

Hey Rob!

That is nice to hear! It was a pleasure to meet him and the memories that he shared. (Gary Kopff, Elsoc Vice-President 1982).

I really want to say a massive thankyou to you because we genuinely appreciate all of your help with ELSOC, especially with getting so many alumni to come to the event.

It was such a nice night of sharing memories again and also getting advice from people who had been in our exact same shoes.

Overall it was such a nice night with a good vibe especially 4Pi.

I am hoping to get all of the photos collated such that I can zip them and send them to you asap. I will probably get it to you by mid next week!

Hope you have a good week!

Kind Regards,
Liam Mitchell | he/him | President
